## What to expect each day

When you arrive at the ballpark each day, you'll find your uniform laundered and hanging in your locker and your shoes shined. Breakfast will be waiting, and your equipment will be securely stored in your locker space. (Batting cages are conveniently located close to the Clubhouse.)

A professional training staff will help you get through the week at peak performance. Our trainers will assist you with game preparations – hydrotherapy pools, heat packs, taping and pre- game stretching. Trainers will be available for immediate treatment of injuries at the Player Development Complex as quickly as the player can get to the training room. They will provide post- game icing treatments, hydrotherapy cold tubs and advice for getting you back into action the next day.

Be proactive – use the trainers each day to help minimize risk of injury over the course of the week of play. And if you are injured, our trainers will help to limit the effects of your injury, get you back in the game and enhance your enjoyment of the week.
