

Spend a week among major league services

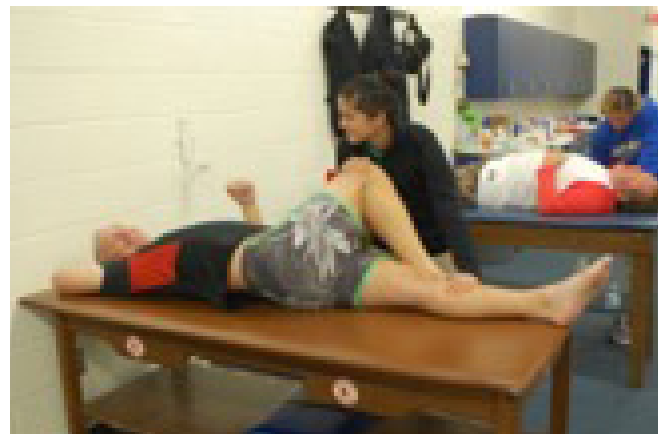

- Training Room/Trainer Services - Professional Trainers will be on duty from 8 a.m. to 6 p.m.
- Uniforms and other garments will be laundered and shoes cleaned each evening and will be in your locker the next day.
- Players utilizing the Locker Room have access to: Trainers, Hot & Cold hydrotherapy tubs, Continental breakfast, between-game snacks all day, post-game refreshments, and ball buckets for batting cages.
- A separate lounge area for players' wives/companions, during and after games with refreshments available is being developed.
- If a full team (14 or more players) utilizes this service, Roy Hobbs will make every effort to schedule at least 4 of the team's games at the Player Development Complex or Terry Park Fields, within 10 minutes of PDC. With City of Palms Stadium gone, stadium game would be wherever possible; if we honor your request, that would count as a PDC game.
- Teams will be grouped together with their locker assignments.
- COVID: As of mid-July, the only Covid-19 protocol expected will be mandatory masks while using trainer services.

What to expect each day

In a service pioneered and unique among adult competitive amateur baseball tournaments, Roy Hobbs World Series offers a full clubhouse and training service option for teams/players during the 5 weeks of play, covering all divisions.

Players who sign up for this option will be assigned a locker in the Major League clubhouse of the Boston Red Sox's former Player Development Complex, now Roy Hobbs' home base. The locker Room will be open from 7:30 a.m. to 60 minutes after last game of the day is completed, including night games.

When you arrive at the ballpark each day, you'll find your uniform laundered and hanging in your locker and your shoes cleaned. Breakfast will be waiting, and your equipment will be securely stored in your locker space.

This unique service is a must for the amateur baseball player who wants to bring his best to the baseball diamond.

A professional training staff will help you get through the week at peak performance. Our trainers will assist you with game preparations – hydrotherapy pools, heat packs, taping and pre- game stretching. Trainers will be available for immediate treatment of injuries at the Player Development Complex as quickly as the player can get to the training room. They will provide post-game icing treatments, hydrotherapy cold tubs and advice for getting you back into action the next day.

Be proactive – use the trainers each day to help minimize risk of injury over the course of the week of play. And if you are injured, our trainers will help to limit the effects of your injury, get you back in the game and enhance your enjoyment of the week.
